The “Creating a Culture of Generosity” workshop will move from presentation to implementation. The seminar’s basic foundation is that generosity springs from the conviction that God owns everything and that we are temporary managers of God’s treasures.

In this one day, interactive seminar most work will occur in small group breakouts so that each team can develop a generosity/stewardship program for their particular church.

As a church “Stewardship” team, you will walk away with materials and ideas on how to foster and increase the spiritual life of your church and members, as it relates to generosity/stewardship.

Working in your small group, and later sharing ideas with the other groups, you will develop a generosity/stewardship annual calendar and discuss the implementation steps for your church.

Come prepared to learn how to create a culture of generosity, share your ideas, write a generosity plan and calendar of activities, explore the Biblical texts of generosity /stewardship, and celebrate the success of your efforts.
